KEBLE COLLEGE

Governing Body, Officers and Advisers

For the year ended 31 July 2021

MEMBERS OF THE GOVERNING BODY

The Members of the Governing Body are the College's charity trustees under charity law. The Governing Body determines the ongoing strategic direction of the College and regulates its administration and the management of its finances and assets. It is served by five principal committees:

- (1) Finance Committee
- (2) Investment Advisory Committee
- (3) Academic Committee
- (4) Development Committee
- (5) Remuneration Committee

The members of the Governing Body who served in office as Governors during the 2020-21 year or subsequently, and the membership of the five principal committees, are detailed below. In addition, the Governing Body, the Finance Committee and the Academic Committee have non-voting student representatives.

		(1)	(2)	(3)	(4)	(5)

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

The Members of the Governing Body present their Annual Report for the year ended 31 July 2021 under the Charities Act 2011 together with the audited financial statements for the year.

REFERENCE AND ADMINISTRATIVE INFORMATION

The Warden, Fellows and Scholars of Keble College in the University of Oxford, known as Keble College ("the College"), is an eleemosynary chartered charitable corporation aggregate. It was founded by public subscription in 1870 in memory of the Reverend John Keble, on land in the parish of St Giles purchased from St John's College, with the object of providing a University education for young men in a College conducted in accordance with the principles of the Church of England.

The College is registered with the Charity Commission (registered number 1143997). The names of all Members of the Governing Body at the date of this report and of those in office during the year, together with details of the senior staff and advisers of the College, are given on pages 2 to 3.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing documents

The College was incorporated by Royal Charter dated 6 June 1870. The Charter of Incorporation was modified by a Supplemental Charter dated 7 April 1902, and subsequently by Statutes made by the University of Oxford Commissioners on 14 July 1925, under the provisions of the Universities of Oxford and Cambridge Act, 1923. The Charter of Incorporation and the Statutes of 1925 were further amended in 1952 and further modified by subsequent amendments. The current Statutes were approved by Her Majesty in Council on 10th February 2016.

Governing Body

The Governing Body is constituted and regulated in accordance with the College Statutes, the terms of which are enforceable ultimately by the Visitor, who is the Archbishop of Canterbury. The Governing Body is self-appointing, has such powers as are conferred on it by its Charter and Statutes, and has the entire direction and management of the affairs of the College.

The Governing Body appoints the Warden, Fellows, Tutors, Lecturers and such administrative and other officers as the Governing Body thinks necessary from time to time. It determines the ongoing strategic direction of the College and regulates its administration and the management of its finances and assets. It appoints committees and delegates to them such powers as it thinks fit. The committees charged with overseeing the conduct of College business are listed below in the section headed "The management of the College".

Recruitment and training of Members of the Governing Body

New Members of the Governing Body are, in the case of academics, normally recruited through a joint appointment process with the University of Oxford which includes open advertisement of the posts and a professional selection and appointment process. In the case of posts funded solely by the College, recruitment is also usually through open advertisement of the post followed by a professional selection and appointment process including external representatives as appropriate. New members of the Governing Body are inducted into the workings of the College, including Governing Body policy and procedures, through meetings with the Warden, the Senior Tutor and the Bursar and the provision of a comprehensive set of reference documents.

Members of the Governing Body attend trustee training and information courses as appropriate to keep them informed on current issues in the sector and on regulatory requirements.

Remuneration of Members of the Governing Body and Senior College Staff

Members of the Governing Body receive no remuneration or benefits from their role as College trustees. Those trustees who are also employees of the College receive remuneration for their work as employees of the College which is set based on the advice of the College's Remuneration Committee. The Committee when complete consists of five individuals, none of whom may be either trustees or employees of the College. Remuneration for trustees who are teaching or research fellows is set in line with that awarded to the University's academic staff. Remuneration for trustees who are full-time administrators is set at an appropriate point on the College's salary scale based on a full job evaluation and reference to comparable posts elsewhere.

The remuneration of senior college staff is set by the College's Pay and Benefits Committee at an appropriate point on the College's salary scale based on a full job evaluation and reference to comparable posts elsewhere.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

The management of the College

The Governing Body meets 9 times a year. The work of developing College policy and monitoring implementation is carried out by 15 standing committees and any temporary working groups the Governing Body deems it expedient to create. The 15 standing committees are:

- *Academic Committee*
Oversees planning in academic matters and the level and quality of academic provision and library services to junior members. Monitors the appropriateness of the existing establishment of Tutors and Lecturers in relation to the academic needs of the College. Considers and makes recommendations on advice from the Research Committee concerning the use of funds available for the purpose of research.
- *Advowsons Committee*
Oversees the College's patronage of 69 Church of England parishes throughout the UK and makes recommendations on the application of income from the Harlow Trust, Poor Parishes Trust, and Ordinands' Fund.
- *Buildings and Gardens Committee*
Oversees the maintenance and development of the College's buildings and grounds.
- *Data Protection and Information Security Committee*
Oversees development and implementation of data protection and information security policies and procedures.
- *Development Committee*
Oversees the activities of the development office, which is responsible for alumni relations and fundraising.
- *Domestic Committee*
Oversees the provision of board and lodging to College members.
- *Fellowships Committee*
Advises on nominations to honorary and emeritus fellowships and fellowships by special election.
- *Finance Committee*
Oversees all matters of financial policy and practice, and in particular the financial implications of any proposals under consideration. Reviews and makes recommendations concerning annual statements of accounts for the preceding year, budgets and management accounts, College charges, trading activities, IT provision, salary policy and investment recommendations from the Investment Advisory Committee.
- *Health and Safety Committee*
Monitors the College's health and safety record, commissions and reviews an annual independent health and safety audit, and makes policy recommendations.
- *Human Resources and Equality Committee*
Oversees all aspects of HR and Equality policy and implementation.
- *Investment Advisory Committee*
Provides advice to Governing Body, through Finance Committee, on the investments of the College and the appropriate level of income drawdown.
- *Pay and Benefits Committee*
Conducts an annual review of pay and benefits of employees, within a financial framework set by Finance Committee. Makes recommendations on policy to Finance Committee.
- *Remuneration Committee*
The Remuneration Committee is responsible for reviewing and approving the pay and benefits of members of the Governing Body. Its members are all external, with the Warden and Bursar in attendance (except for items relating to their remuneration). It considers any recommendations on the pay and benefits of trustees put forward by the Governing Body. These it may either approve or refer back to Governing Body with a recommendation that the proposed pay and benefits be reconsidered with a view to their being reduced.
- *Research Committee*
Monitors and co-ordinates research activities within the College and makes recommendations on the distribution of College research funds and the appointment of research visitors and associates.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

- *Student Support Committee*
Makes recommendations concerning the overall level of student support. Considers and makes awards in response to individual applications for support.

The day-to-day running of the College is delegated by Governing Body to the Warden, the Bursar and the Senior Tutor, with the Development Director having delegated responsibility for the College's fundraising activities.

Group structure and relationships

As noted above, the College, through an Advowsons Committee, appoints to the livings of 69 Church of England parishes and, among other activities, administers two trusts whose objects, external to those of the College, are the support of parishes and Church of England activities.

The College also has two wholly owned non-charitable subsidiary companies. Conference Keble Limited arranges conferences and other residential and non-residential events which generate trading revenue from the use of the College's facilities when they are not required for its primary purpose. The annual profits of Conference Keble are donated to the College under the Gift Aid Scheme. Keble Properties Limited from time to time undertakes major design and build works under contract to the College.

The College is part of the collegiate University of Oxford. Material interdependencies between the University and the College arise as a consequence of this relationship.

OBJECTIVES AND ACTIVITIES

Charitable Objects and Aims

The College's Objects are:

- (1) The provision of a University education in a College in the University of Oxford to be called Keble College conducted in accordance with the principles of the Church of England
- (2) The advancement of education and learning and the promotion of research

The Governing Body has considered the Charity Commission's guidance on public benefit and, in keeping with its objects, the College's aims for the public benefit are set out below.

Public benefit

The College provides, in conjunction with the University of Oxford, an education for some 449 undergraduate and 503 graduate students which is recognised internationally as being of the highest standard. This education develops students academically and enables them to develop their leadership qualities and interpersonal skills, and so prepares them to play full and effective roles in society. In particular, the College provides:

- teaching facilities, individual or small-group supervision, as well as pastoral, administrative and academic support through its tutorial and graduate mentoring systems;
- welfare services, including the availability of the Chaplain to assist every member of the College of every religious belief and none, and medical support including a College nurse and doctor;
- student grants for study purposes and for cases of financial need, partly provided through the continuing support of the Keble Association of alumni of the College;
- IT and other administrative support;
- specialist choral musical education for its choral students, who are members of the College's renowned choir;
- specialist organ musical education for its organ students;
- social, cultural, musical, recreational and sporting facilities to enable each of its students to realise as much as possible of their academic and personal potential whilst studying at the College.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

The College advances research through:

- providing Research Fellowships, Career Development Fellowships, and Research Associateships to outstanding academics at the early stages of their careers, which enable them to develop and focus on their research in this formative period before they undertake the full teaching and administrative duties of an academic post;
- supporting research work pursued by its Fellows and others through promoting interaction within and across disciplines, granting sabbatical leave to enable them to concentrate on research work, enabling the exchange and dissemination of research ideas, and providing facilities and grants for national and international conferences, research trips and research materials;
- encouraging visits from outstanding academics from abroad; and
- encouraging members of the College to disseminate the results of their research to other academics and the general public through the publication of papers in academic journals and books, through presentations at conferences, through media appearances and press articles and other suitable means.

The College maintains an extensive Library (including important special collections), so providing a valuable resource for students and Fellows of the College. On a discretionary basis, the College makes its library available to members of other Colleges and the University of Oxford more widely, external scholars and researchers, as well as local children from maintained and other schools as part of educational visits.

The College supports a Chapel with a programme of religious services open to all.

Through its outreach and schools liaison activities, the College fosters the general educational and university aspirations of students from a wide range of social backgrounds.

The College does not consider that there is any detriment or harm that arises from carrying out the College's aims and is not aware of views among others that such detriment or harm might arise.

The members of the College, both students and academic staff, are the primary beneficiaries and are directly engaged in education, learning and/or research.

However, beneficiaries also include: students and academic staff from other colleges in Oxford and the University of Oxford more widely, visiting academics from other higher education institutions and visiting schoolchildren and alumni of the College who have an opportunity to attend educational events at the College and use its academic facilities. The general public are also able to attend various educational activities in the College such as lectures, seminars, and conferences, and benefit also from being admitted without charge to the College's grounds and able to view its historical and artistic heritage and holdings.

The College admits as students those who have the highest potential for benefiting from the education provided by the College and the University and recruits as academic staff those who are able to contribute most to the academic excellence of the College, regardless of their financial, social, religious or ethnic background:

- there are no geographical restrictions in the College's objects and students and academic staff of the College are drawn from across the UK and internationally;
- there are no age restrictions in the College's objects but students of the College are predominantly between 18 and 24 years old; and
- there are not considered to be any religious restrictions in the College's objects and members of the College have a wide variety of faith traditions or none.

The focus of the College is strongly academic and students need to satisfy high academic entry requirements.

The College charges the following fees:

- a) College fees, at externally regulated rates, to undergraduates entitled to Student Support and to graduate students; and a fee determined by the College annually to Overseas undergraduates and any Home/EU undergraduates not entitled to Student Support; and
- b) Accommodation and meal charges at reasonable rates.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

In order to assist undergraduates entitled to Student Support, there is a comprehensive bursary scheme in place to support students from lower income backgrounds, which is funded by both the University and College. The following is a summary of awards made to Home/EU undergraduates during the year:

Oxford Bursary (October 2016 starters): 1 award out of a Home/EU population of 4: 1 award at £1,400

Oxford Bursary (October 2017 starters): 15 awards out of a Home/EU population of 43: 6 awards at the maximum of £3,700: the average value of the awards was £2,361

Oxford Bursary (October 2018 starters): 14 awards out of a Home/EU population of 111: 8 awards at the maximum of £3,700: the average value of the awards was £2,900

Oxford Bursary (October 2019 starters): 22 awards out of a Home/EU population of 109: 11 awards at the maximum of £3,700: the average value of the awards was £2,904

Oxford Bursary (October 2020 starters): 32 awards out of a Home/EU population of 129: 18 awards at the maximum of £3,700 the average value of the awards was £3,644

To assist graduate students the College provides substantial financial support through schemes operated in conjunction with the University. These include scholarship packages to fund fees and living costs and 'top-up' assistance to fill shortfalls in students' funding.

The College also supports students through grant schemes to assist with the purchase of books and equipment, attendance at conferences, childcare support and travel grants.

The College also makes awards for academic development and has various scholarships and prizes available to reward academic excellence.

In addition to its other programmes, the College operates a hardship scheme for students in financial hardship and provides access to hardship schemes operated by the University.

To raise educational aspiration and attract outstanding applicants who might not otherwise have considered applying to Keble, the College operates an extensive outreach programme as part of University-wide initiatives to widen access. This programme is under the responsibility of the Senior Tutor and includes an extensive programme of visits by schools to the College, open days, admissions symposia for teachers, as well as visits to schools and guidance and information on the College website for prospective applicants. In agreement with the other Oxford colleges as an outreach initiative, the College has particular links with prospective applicants from Birmingham and surrounding areas. More detail is provided below.

In order to fulfil its charitable purpose, the College employs a Warden, who serves as head of the College, and, as Governing Body Fellows, senior academic staff, many of whom supervise and tutor students, the College Chaplain, and senior administrative officers. These all serve as charity trustees through being members of the College's Governing Body. The employment of the Warden and Fellows is undertaken with the intention of furthering the College's aims and their employment directly contributes to the fulfilment of those aims. The private benefit accruing to the Warden and Fellows through salaries, stipends and employment related benefits is objectively reasonable, measured against academic stipends generally, and is subject to the oversight of a Remuneration Committee. Without the employment of the Warden, academic fellows, Chaplain and senior administrative officers the College could not fulfil its charitable aims as a College in the University of Oxford.

Many of the trustees also receive benefits (for example research, conference and book grants) which are provided with the intention of furthering the College's aims, including that of advancing research. The amounts of the benefits provided are objectively reasonable, measured against the academic benefits made available to other beneficiaries of the College.

ACHIEVEMENTS AND PERFORMANCE

The College's aim is that every undergraduate should leave with a good degree, i.e. a first class or upper second. In 2020-21, 114 of the 118 finalists achieved this goal, 97% of those sitting their final examinations. Of those, 49 were awarded first class degrees. The College continues to work hard to ensure that every student realises their academic ambitions. All Oxford undergraduates also take a qualifying examination in their first year; 36 of the 151 students who sat the First Public Examination in 2020/21 were awarded Distinctions. Eight undergraduates failed one or more papers but, of those, six went on to pass in the scheduled September re-sits. Excellence in the First Public Examination and sustained excellence in course work is recognised by the award of an undergraduate scholarship. 98 Keble students hold academic scholarships.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

The size and shape of Keble's graduate community has continued to change following the opening in 2018 of the new graduate centre, the H B Allen Centre. This not only enables the College to provide good accommodation to a large number of graduates, but it also presents the opportunity to accommodate graduates on modular, part-time courses. Of the 503 graduates in the College, 136 were part-time, mostly undertaking courses in advanced professional qualifications. Among full-time graduates, the majority (53 per cent) are on research degrees (for example DPhil) and the rest are on taught masters, including some professional qualifications (for example, MBA). Twenty-nine Keble graduates successfully submitted for DPhils in 2020-21. Among those taking taught masters programmes, 39 were awarded either a Merit or a Distinction.

Keble continues to receive a very high number of direct applications for undergraduate degrees, 1,111 (excluding medics and Biomedics) in 2020-21. A total of 132 offers were made to applicants at Keble, and a further 23 applicants to Keble were made offers by other colleges. Among UK applicants only, 60 per cent of offers were made to students from maintained schools. Comprehensive statistical data on admission is published by the University as a separate report; selective data is also published in the College's annual equality report. All admissions procedures and outcomes are routinely monitored for equality objectives. The 2020/21 application and interview process was conducted online because of Covid-19.

The College continues to play a full part in the University's initiatives to widen undergraduate access. Keble participated in the Opportunity Oxford programme, designed to reduce the admission gap between the areas with the highest and lowest participation in higher education. Four students arrived under this programme.

Due to Covid-19 our regular outreach and access activities for 2020/21 were either cancelled or transferred online as part of a wide-reaching digital strategy of engagement with schools. Unfortunately, we were unable to support UNIQ through provision of accommodation and physical resources, as we usually do. The Open Days were re-branded as Virtual Open Days for four consecutive rounds (2020 and 2021) on a University wide scale, and Keble participated in this initiative.

During the Long Vacation in 2020, staff successfully prepared a Covid-secure environment and students returned to the College to study for Michaelmas Term 2020. However, imposition of a further national lockdown in early January 2021 resulted in a significant number of students not returning to Oxford for Hilary Term. Most students returned to Keble for Trinity Term and the College was able to begin to relax certain Covid-19 restrictions towards the end of Trinity Term.

FINANCIAL REVIEW

Operations, capital expenditure and funding

The charitable activities of the College consist of teaching and research, together with the provision of board and lodging to College members in buildings owned by the College, most of which are Grade 1 or Grade 2* listed. The income generated by these activities in 2020/21 amounted to £7.11m, a very similar level to that of the previous year but almost £1m lower than 2018/19, reflecting the continued loss of accommodation and catering income as some students remained away from College due to Covid-19 constraints, particularly during Hilary Term 2021. The cost of undertaking these charitable activities amounted to £12.0m. Operating costs were reduced due to the elimination of non-essential non-staff expenditure, and a £1m reduction in staff costs through a redundancy programme that reduced non-academic headcount by 25 (18% of the pre-Covid total). Adjusting for the impact of the movement on provisions for defined benefit pension schemes, the underlying decrease in operating costs compared to the previous year was £1.1m.

The Covid-19 pandemic and its economic consequences continue to present a major challenge to the College. In addition to loss of student rents, the College was unable to generate any material revenue from its conference and bed & breakfast business. This resulted in a reduction in other net trading income of £1.1m compared to 2019/20 and £1.6m compared to 2018/19. However, since August 2021 the College has successfully restarted the conference and bed & breakfast business though unsurprisingly, activity levels have been very low compared to pre-Covid. The College is investing in a number of initiatives to support full recovery of the business.

The College has continued to restrict capital expenditure in response to Covid-19, having completed a major multi-year programme of investment in its buildings, plant and machinery, prior to the pandemic. Capital expenditure was £0.2m in 2020/21. Apart from one remaining major project – phase 2 of the renewal of the main Kitchen, Hall and Servery – the entire Victorian estate has been renovated over the past twenty years at a cost of £17m. The College's more recent buildings on the Parks Road site, Hayward and De Breyne, ARCO and Sloane Robinson, have also received such investment as was required, whilst the H B Allen Centre only opened in 2018. This makes it possible to plan for relatively low spending on capital projects compared to recent years without risking detriment to the fabric of the College.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

Donations received by the College in 2020/21 totalled £2.7m (2019/20 £1.9m). The composition of this total was as follows:

	£000s
Unrestricted income gifts	1,468
Restricted income gifts	644
Gifts for capital projects	56
Endowment gifts	525
	<u>2,693</u>

The College invests its endowment for total return. 86% of the endowment is invested in the Oxford Endowment Fund ("OEF"), managed by Oxford University Endowment Management. In normal years, the College has applied a spending rule permitting a maximum transfer of 3.5% of the average closing value of the endowment value over the previous five years. However, in response to the adverse financial impact of Covid-19, Governing Body decided to increase the spending rule limit to be equal to the amount of the annual distribution from OEF.

The standard OEF distribution is usually 4.25% of the average Net Asset Value of fund units over the previous twenty quarters, but in response to the Covid-19 crisis OUEM announced that the maximum distribution would be increased to 7% for one year.

Transfers under the revised spending rule for the year amounted to £2.43m, including £43k for external purposes (the support of Keble parishes).

In 2021-22 it is planned that the maximum transfer rule will revert to 3.5% of the average closing value of the endowments over the previous five years.

Investment policy, objectives and performance

The College's investment objectives are to balance current and future beneficiary needs by:

- maintaining (at least) the value of the investments in real terms;
- producing a consistent and sustainable amount to support expenditure; and
- delivering these objectives within acceptable levels of risk.

To meet these objectives the College's investments as a whole are managed on a total return basis, maintaining diversification across a range of asset classes in order to produce an appropriate balance between risk and return. In line with this approach, the College statutes allow the College to invest permanent endowments to maximise the related total return and to make available for expenditure each year an appropriate proportion of the unapplied total return. The investment strategy, policy and performance are monitored by the Finance Committee. At the year end, the College's endowment totalled £58.8m (2020: £50.3m). The aggregate investment return for the year was 21.43% (2020: -1.1%). The value of the Oxford Endowment Fund was £50.0m (2020: £43.3m) after payment of the 7% distribution. The total OEF investment return was 22.5%.

The carrying value of the preserved permanent capital and the amount of any unapplied total return available for expenditure was taken as the open market values of these funds as at 1 August 2004 together with the original gift value of all subsequent endowment received.

Almost all of the College's discretionary funds, apart from its private equity holdings and joint-equity interests in Fellows' housing, are held in the Oxford Endowment Fund managed by OUEM (Oxford University Endowment Management). Over the past 10 years the OEF has achieved an annualised net return of 10.1% nominal and 8.3% real.

The Governing Body keeps the Spending Rule and the level of income withdrawn under review to balance the needs and interests of current and future beneficiaries of the College's activities.

Debt and Liquidity

In August 2020 the College borrowed £3m on a 3-year fixed-rate basis in order to reduce short term liquidity pressure caused by the impact of Covid-19 coinciding with settlement of the final account for the HB Allen Centre. During the year the College also benefitted from the award of a COVID-19 grant from the Oxford College Contributions Committee. As at 31 July 2021 the College had a cash balance of £0.7m, an undrawn overdraft facility of £5m, the £3m 3 year term loan and £40m of long term debt associated with the HB Allen Centre development.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

Reserves

The College's policy is to maintain sufficient free reserves (general funds) to enable it to meet its short-term financial obligations in the event of an unexpected revenue shortfall and to allow the College to be managed efficiently and to provide a buffer that would ensure uninterrupted services. Governing Body agreed that the target amount for general funds should be the equivalent of three months' expenditure on charitable objects (currently £2.5m). The College entered the Covid-19 crisis with significantly less buffer than this due to issues relating to the funding and completion of the HB Allen centre and the financial impact of Covid-19 subsequently compounded the problem.

During 2020/21 the general funds position slightly improved from -£9.0m (negative) at 31 July 2020 to -£7.4m (negative) at 31 July 2021.

Total funds of the College and its subsidiaries at the year-end amounted to £137m (2020: £129m). This includes endowment capital of £58.8m (2020: £50.3m) and unspent restricted income funds totalling £956k (2020: £648k).

Financial Risk Factors

Factors that could adversely affect the College's financial position in the future include:

- students being required to study remotely rather than in residence in Oxford because of the pandemic
- failure of the College conference business to fully recover, having been unable to operate during the pandemic
- funding for academic activities not keeping pace with costs
- poor investment performance
- decline in philanthropic support

The Governing Body and its constituent committees are well aware of these risks, monitor them regularly and ensure that appropriate measures are taken to reduce or mitigate them.

Fundraising

The College has an Alumni & Development Office whose role is to nurture strong relations between Keble and its alumni and, through those relations, to raise funds for its charitable activities. The Office consists of a Director and four staff. The College has a network of alumni volunteers – Year Group Representatives – who assist in communicating information regarding College news, events, and fundraising projects to their peers. All communication via Year Group Representatives is directed in terms of content and timing by the Alumni & Development Office staff.

The College is registered with the Fundraising Regulator and voluntarily subscribes to its Code of Fundraising Practice as adapted, by agreement with the Regulator, to meet the particular circumstances of colleges in the University of Oxford. The activities of the Year Group Representatives adhere to the Code of Fundraising Practice as adapted.

The College is not aware of any failure on its part to comply with the Code and has not received any complaints in 2020-21 about its fundraising activity, nor the activity of the Year Group Representatives. The College does not solicit funds from members of the public: its fundraising activities are principally focused on its alumni and on third parties introduced to the College by alumni. The College communicates regularly with its alumni using a variety of media. If an alumnus expresses a wish not to be approached for donations or not to be communicated with, that is recorded and respected.

The College has a policy on fundraising with and responding to people in vulnerable circumstances. All Alumni & Development Office staff and Year Group Representatives are aware of the policy and are instructed to review the content annually. All Fundraising policies are published online at <https://www.keble.ox.ac.uk/governance-and-policies/>.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

Risk management

Keble has on-going processes for identifying, evaluating and managing the principal risks and uncertainties faced by the College and its subsidiaries in undertaking their activities. When it is not able to address risk issues using internal resources, the College takes advice from external experts. All the College committees monitor risk on an ongoing basis and conduct an annual review of the major risks to which the College is exposed in their areas of responsibility. Their findings are aggregated into a report on major risks which is considered by the Governing Body each year. Health and Safety risks are monitored by a committee of heads of department, chaired by the Bursar and subject to annual external audit.

The Governing Body, which has ultimate responsibility for managing any risks faced by the College, has given consideration to the major risks to which the College and its subsidiaries are exposed and has concluded that adequate systems are in place to manage these risks. It is recognised that systems can provide only reasonable but not absolute assurance that major risks have been managed.

The principal risks and uncertainties faced by the College and its subsidiaries that have been identified are categorised as follows:

Activity, risk and potential damage	Risk management measures adopted	Progress report for 2020-21 and further measures to be considered during 2021-22
Board and lodging. Pandemics. Illness, death, loss of business, damage to reputation.	Prepare and update pandemic plan	Daily Microsoft Teams meetings with Warden, Senior Tutor, Bursar and Domestic Bursar and weekly Strategy Planning Group meetings occurred throughout the year. The College sites have been made Covid-secure. The accommodation team implemented Covid rules for any commercial guests staying in College over the long vacation.
Board and lodging. Failure to observe quarantine or self-isolation order. Spread of the virus.	Amendments to the College Handbook to set out rules and conventions for social distancing. Reliance on peer pressure underpinned by disciplinary sanctions.	The College has been Covid-secure throughout the pandemic. New cleaning and ventilation protocols have been put in place and continue to be maintained.
Board and lodging. Failure to observe social distancing. Spread of the virus.	Amendments to the College Handbook to set out rules and conventions for social distancing. Reliance on peer pressure underpinned by disciplinary sanctions.	The College has constantly reviewed Covid rules and regulations as updated by University and Government.
Owning and operating buildings. Failure of utilities services. Fire (failure of electrical systems); danger to residents from water-borne bacteria; water damage.	Renewal of electrical circuits and plumbing services throughout the College. Well established regimes for flushing water systems and PAT testing electrical appliances. Liability insurance (£10mn limit any one occurrence)	All Arco kitchens upgraded. Sloane Robinson EVAC pipework repairs undertaken. Repair to sewer under L5. Planned upgrade of the plant room in the Lodgings. Possible window repairs and replacement in the Library and Lodgings.
Owning and operating buildings. Excessive carbon emissions. Climate change; reputational damage.	More efficient boilers and better insulation of buildings. Restrictions on car parking.	Planned upgrade of the plantroom in the Lodgings. Possible window repairs and replacement in the Library and Lodgings.
Owning and operating buildings. Structural defects. Danger to residents, damage to buildings, loss of facilities.	Rolling programme of capital renovations. Employment of structural engineers to advise on any building alterations.	Repairs to Chapel windows, roof and stonework in 2020/21. Drone Survey undertaken of all roofs and high-level areas. Urgent Library chimney repairs underway from July 2021. Lower repairs on the Library end wall also required.
Funding. Changes in College fee/ external funding; impact on colleges of likely deficit in University funding. Financial loss/ funding shortfall.	Work through Conference of Colleges and Estates Bursars Committee	College has maintained strong student numbers during Covid. June 2021 government consultation on reduction in tuition fees with concern for arts and humanities as science may be protected by top-ups.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

Activity, risk and potential damage	Risk management measures adopted	Progress report for 2020-21 and further measures to be considered during 2021-22
Recreation and sports. Accidents. Injury.	Follow University policy and guidelines and take measures to raise awareness of risk	2020-2021 risk assessments revised in line with Covid-secure practices and sport resumed in line with the guidance of the relevant sporting body. Risk Assessments will be regularly reviewed in light of pandemic developments.
Information and IT provision. Data Protection failure. Exposure to legal action.	Publicise rules	15 out of 22 retention schedules are now complete, and 11 schedules have been 'mapped' to the ROPA. ROPA mapping is ongoing in four departments. The DARS LIA is still outstanding. Breach and SAR procedures are working well. Greater awareness of the DPIA procedure must be achieved (see below). GDPR documentation must be reviewed on an annual basis. Departmental staff would benefit from further training in awareness of required GDPR clauses.
Employment costs. Sudden and unexpected increases. Financial strain, threats to core activity presented by possible remedial measures.	Estates Bursars' Committee actively engaged in working parties dealing with pensions (both USS and OSPS)	Approval of new salary scale for 2021/22 incorporating 1% cost of living increase and raising our lowest paid colleagues to the Living Wage Foundation Living Wage. Significant risk of substantially increased pension costs following the 2020 USS Valuation.
Staff Quality. Failure to attract and retain high quality academic staff. Lose support as centre of excellence.	College housing allowance and housing scheme. College accommodation for single Fellows. Private health insurance scheme. Engagement with faculties to support requests for buy-outs, and special leave. Active engagement with University-wide recruitment	PVC reports that progress on these issues has been slow because of Covid but that a working party will report in MT21.
Teaching. Poor quality, poor organisation; implementation of academic strategy; University & external pressure on Fellows. Possible litigation; damage to reputation; inability to attract high quality students.	Feedback questionnaires; structure of tutorial organisation reviewed; informal appraisals of Fellows by Warden before confirmation and re-election and appropriate reviews at other times; tuition records; College template on duties of tutorial fellows	New teaching course for Sciences introduced by CTL; Humanities to follow in MT21. Ongoing work on Digital Education in 2021-22.
Recreation and sports. Excessive drinking and other behavioural problems. Inconvenience, offensive behaviour, damage to reputation.	College Regulations and related behavioural codes, decanal structure, professional bar staff	The Sports Ground has been operating within Covid regulations with bookings being taken through the grounds manager. OSS have undertaken spot checks to ensure compliance and security is maintained.
Fundraising. Loss or breach of personal data. Loss of potential donations, loss of support from donors. Negative publicity.	Staff aware of Data Protection issues & management of risk. Remote access to DARS now technically possible for all A&D staff.	Data breach incidents have resulted from user fatigue rather than system failure. All A&D staff considering flexible working as lockdown eases. All have remote access to DARS and G drive via VPN, and are familiar with best practice in terms of data handling, processing and storage. Induction of new team members will cover all aspects of GDPR and risk management
Fundraising. Inadequate records and lack of fundraising and marketing permissions. Failure to comply with Fundraising Regulations / GDPR1 from May 2018 and updated PECR2 from May 2018. Systems (and related infrastructure) do not support external legal and regulatory compliance. Loss of potential donations, loss of support from donors. In extreme circumstances potential fine by Fundraising Regulator.	Constant updating of database, regular contact with alumni. Staff adhering to use of agreed alumni preferences.	No changes deemed necessary in 2020. Docs will be reviewed fully in July 2021. FR Levy paid for 2020/21 and budgeted for 2021/22. Docs yet to be developed: Legitimate Interest Assessment - still awaiting final copy from DARS central. All to be read thoroughly by all ADO staff, including incoming new team members, and reviewed annually by Dev Comm. Docs to be redistributed with suggested amendments.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

FUTURE PLANS

The Covid-19 crisis continues to have a significant impact on the life and work of the College. The College is seeking to return to as normal a student experience as possible for the 2021/22 academic year whilst balancing this with the need to provide a safe place for students to live and study and College staff to work. The College is fortunate in having all its accommodation on just two sites, located within five minutes of each other. The accommodation consists of 495 ensuite rooms and 134 twin rooms (2 rooms sharing one bathroom). These make it possible to manage incidences of Covid-19 infection in ways which seek to safeguard the health of the community as a whole.

The conference and bed & breakfast business has shown initial signs of recovery since restarting in August 2021, and it is hoped that this business will return to pre-Covid activity levels by Summer 2022. However, the conference and hospitality market faces considerable uncertainty over the coming months due to changes in consumer habits caused by the pandemic, possible further Covid-19 disruption over the winter months, changes to the competitive landscape and pressures in the labour market due to impacts from the pandemic and Brexit.

The College has invested in resources to support a successful rebuilding of the conference business and more generally is investigating ways to ensure that it remains an attractive employer amidst the labour market disruption.

All non-essential capital projects have been put on hold but the College remains committed to completing Phase 2 of its kitchen project – the remodelling of the main kitchen itself – when funds are available. This will generate major improvements in productivity and efficiency as well as significantly improving the working environment of key staff.

The College plans to review medium term strategic plans against the backdrop of recent completion of the HB Allen Centre, recovery from the adverse impacts of Covid-19 and change of Warden in September 2022.

KEBLE COLLEGE

Report of the Governing Body

For the year ended 31 July 2021

STATEMENT OF ACCOUNTING AND REPORTING RESPONSIBILITIES

The Governing Body is responsible for preparing the Report of the Governing Body and the financial statements in accordance with applicable law and regulations.

Charity law requires the Governing Body to prepare financial statements for each financial year. Under that law the Governing Body has prepared the financial statements in accordance United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 102: The Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102).

Under charity law the Governing Body must not approve the financial statements unless it is satisfied that they give a true and fair view of the state of affairs of the College and of its net income or expenditure for that period. In preparing these financial statements, the Governing Body is required to:

- select the most suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards, including FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- state whether a Statement of Recommended Practice (SORP) applies and has been followed, subject to any material departures which are explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the College will continue to operate.

The Governing Body is responsible for keeping proper accounting records that are sufficient to show and explain the College's transactions and disclose with reasonable accuracy at any time the financial position of the College and enable them to ensure that the financial statements comply with the Charities Act 2011. It is also responsible for safeguarding the assets of the College and ensuring their proper application under charity law and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Governing Body on 3rd November 2021 and signed on its behalf by:

Sir Jonathan Phillips
Warden

KEBLE COLLEGE

Report of the Auditor to the Members of the Governing Body of Keble College For the year ended 31 July 2021

Opinion

We have audited the financial statements of Keble College (the "Charity") for the year ended 31 July 2021 which comprise the Statement of Accounting Policies, the Consolidated Statement of Financial Activities, the Consolidated and College Balance Sheets, the Consolidated Cash Flow Statement and notes to the financial statements. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102: The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements

- give a true and fair view of the state of the group and charity's affairs as at 31 July 2021 and of the group's income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Members of the Governing Body's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least 12 months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Members of the Governing Body with respect to going concern are described in the relevant sections of this report.

Other information

The Members of the Governing Body are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

KEBLE COLLEGE

Report of the Auditor to the Members of the Governing Body of Keble College For the year ended 31 July 2021

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities Act 2011 requires us to report to you if, in our opinion:

- sufficient accounting records have not been kept;
- the financial statements are not in agreement with the accounting records and returns; or
- we have not obtained all the information and explanations necessary for the purposes of our audit.

Responsibilities of the Members of the Governing Body

As explained more fully in the Statement of Accounting and Reporting Responsibilities [set out on page 15], the Members of the Governing Body are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Members of the Governing Body are responsible for assessing the Charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Members of the Governing Body either intend to liquidate the Charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under Section 144 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the charity through discussions with Members of the Governing Body and other management, and from our knowledge and experience of the client's sector;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the charity, including Charities Act 2011, Office for Students and Oxford University requirements, taxation legislation, data protection, employment and pensions, planning and health and safety legislation;
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and, where relevant, inspecting legal correspondence; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the charity's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of Members of Governing Body and other management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations;

KEBLE COLLEGE

Report of the Auditor to the Members of the Governing Body of Keble College For the year ended 31 July 2021

To address the risk of fraud through management bias and override of controls, we:

- performed analytical procedures to identify any unusual or unexpected relationships;
- tested journal entries to identify unusual transactions;
- assessed whether judgements and assumptions made in determining the accounting estimates were indicative of potential bias; and
- investigated the rationale behind significant or unusual transactions;

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- reading the minutes of meetings of those charged with governance;
- enquiring of management as to actual and potential litigation and claims;
- if considered necessary, reviewing correspondence with relevant regulators and the company's legal advisors.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the Members of Governing Body and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities.

This description forms part of our auditor's report.

Use of our report

This report is made solely to the College's Governing Body, as a body, in accordance with section 144 of the Charities Act 2011 and the regulations made under section 154 of that Act. Our audit work has been undertaken so that we might state to the Members of the Governing Body those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the College's Governing Body as a body, for our audit work, for this report, or for the opinions we have formed.

Critchleys Audit LLP
Statutory Auditor
Oxford

November 2021

Critchleys Audit LLP is eligible to act as an auditor in terms of sections 1212 of the Companies Act 2006.

KEBLE COLLEGE

Statement of Accounting Policies

For the year ended 31 July 2021

1. Scope of the financial statements

The financial statements present the Consolidated Statement of Financial Activities (SOFA), the Consolidated and College Balance Sheets and the Consolidated Statement of Cash Flows for the College and its wholly owned subsidiaries, Conference Keble Limited and Keble Properties Limited. No separate SOFA has been presented for the College alone, as currently permitted by the Charity Commission on a concessionary basis. A summary of the results and financial position of the charity and each of its material subsidiaries for the reporting year are in note 13.

2. Basis of accounting

The College's individual and consolidated financial statements have been prepared in accordance with United Kingdom Accounting Standards, in particular 'FRS 102: The Financial Reporting Standard applicable in the UK and Republic of Ireland' (FRS 102).

The College is a public benefit entity for the purposes of FRS 102 and a registered charity. The College has therefore also prepared its individual and consolidated financial statements in accordance with 'The Statement of Recommended Practice applicable to charities preparing their financial statements in accordance with FRS 102' (The Charities SORP (FRS 102)).

The financial statements have been prepared on a going concern basis and on the historical cost basis, except for the measurement of investments and certain financial assets and liabilities at fair value with movements in value reported within the Statement of Financial Activities (SOFA). The principal accounting policies adopted are set out below and have been applied consistently throughout the year.

3. Accounting judgements and estimation uncertainty

In the view of the Governing Body, in applying the accounting policies adopted no judgements were required that have a significant effect on the amounts recognised in the financial statements.

4. Income recognition

All income is recognised once the College has entitlement to the income, the economic benefit is probable and the amount can be reliably measured.

a. Income from fees, HEFCE support and other charges for services

Fees receivable, HEFCE support and charges for services and use of the premises are recognised in the period in which the related service is provided.

b. Income from donations, grants and legacies

Donations and grants that do not impose future performance-related or other specific conditions are recognised on the date on which the charity has entitlement to the resource, the amount can be reliably measured and the economic benefit to the College of the donation or grant is probable. Donations and grants subject to performance-related conditions are recognised as and when those conditions are met. Donations and grants subject to other specific conditions are recognised as those conditions are met or their fulfilment is wholly within the control of the College and it is probable that the specified conditions will be met.

Legacies are recognised following grant of probate and once the College has received sufficient information from the executor(s) of the deceased's estate to be satisfied that the gift can be reliably measured and that the economic benefit to the College is probable.

Donations, grants and legacies accruing for the general purposes of the College are credited to unrestricted funds. Donations, grants and legacies which are subject to conditions as to their use imposed by the donor or set by the terms of an appeal are credited to the relevant restricted fund or, where the donation, grant or legacy is required to be held as capital, to the endowment funds. Where donations are received in kind (as distinct from cash or other monetary assets), they are measured at the fair value of those assets at the date of the gift.

c. Investment income

Interest on bank balances is accounted for on an accrual basis with interest recognised in the period to which the interest relates. Income from fixed interest debt securities is recognised using the effective interest rate method. Dividend income and similar distributions are recognised on the date the share interest becomes ex-dividend or when the right to the dividend can be established. Income from investment properties is recognised in the period to which the rental income relates.

KEBLE COLLEGE

Statement of Accounting Policies

For the year ended 31 July 2021

5. Expenditure

Expenditure is accounted for on an accruals basis. A liability and related expenditure is recognised when a legal or constructive obligation commits the College to expenditure that will probably require settlement, the amount of which can be reliably measured or estimated.

Grants awarded that are not performance-related are charged as an expense as soon as a legal or constructive obligation for their payment arises. Grants subject to performance-related conditions are expensed as the specified conditions of the grant are met.

All expenditure including support costs and governance costs are allocated or apportioned to the applicable expenditure categories in the Statement of Financial Activities (the SOFA). Support costs, which include governance costs (costs of complying with constitutional and statutory requirements) and other indirect costs, are apportioned to expenditure categories in the SOFA based on the estimated amount attributable to that activity in the year, either by reference to staff time or the use made of the underlying assets, as appropriate. Irrecoverable VAT is included with the item of expenditure to which it relates.

Intra-group sales and charges between the College and its subsidiaries are excluded from trading income and expenditure in the consolidated financial statements.

6. Leases

Leases of assets that transfer substantially all the risks and rewards of ownership are classified as finance leases. The costs of the assets held under finance leases are included within fixed assets and depreciation is charged over the shorter of the lease term and the assets' useful lives. Assets are assessed for impairment at each reporting date. The corresponding capital obligations under these leases are shown as liabilities and recognised at the lower of the fair value of the leased assets and the present value of the minimum lease payments. Lease payments are apportioned between capital repayment and finance charges in the SOFA so as to achieve a constant rate of interest on the remaining balance of the liability. Leases that do not transfer all the risks and rewards of ownership are classified as operating leases. Rentals payable under operating leases are charged in the SOFA on a straight line basis over the relevant lease terms. Any lease incentives are recognised over the lease term on a straight line basis.

7. Tangible fixed assets

Land is stated at cost. Buildings and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

Expenditure on the acquisition or enhancement of land and on the acquisition, construction and enhancement of buildings which is directly attributable to bringing the asset to its working condition for its intended use and amounting to more than £20,000 together with expenditure on equipment costing more than £20,000 is capitalised. Where a part of a building or equipment is replaced and the costs capitalised, the carrying value of those parts replaced is derecognised and expensed in the SOFA.

Other expenditure on equipment incurred in the normal day-to-day running of the College and its subsidiaries is charged to the SOFA as incurred.

8. Depreciation

Depreciation is provided to write off the cost of all relevant tangible fixed assets, less their estimated residual value, in equal annual instalments over their expected useful economic lives as follows:

Freehold properties, including major extensions	40 years
Leasehold properties	40 years or period of lease if shorter
Building improvements	40 years
Equipment	5 years

Freehold land is not depreciated. The cost of maintenance is charged in the SOFA in the period in which it is incurred. At the end of each reporting period, the residual values and useful lives of assets are reviewed and adjusted if necessary. In addition, if events or change in circumstances indicate that the carrying value may not be recoverable then the carrying values of tangible fixed assets are reviewed for impairment.

9. Heritage Assets

The College has chosen to hold heritage assets at fair value. The college has a number of assets, including items of art and historic texts that meet the definition of heritage assets under the SORP. Heritage assets purchased are initially recognised and subsequently measured at fair value. Items donated to the College are recognised at fair value.

KEBLE COLLEGE

Statement of Accounting Policies

For the year ended 31 July 2021

10. Investments

Investment properties are initially recognised at their cost and subsequently measured at their fair value (market value) at each reporting date. Purchases and sales of investment properties are recognised on exchange of contracts.

Listed investments are initially measured at their cost and subsequently measured at their fair value at each reporting date. Fair value is based on their quoted price at the balance sheet date without deduction of the estimated future selling costs.

Investments such as hedge funds and private equity funds which have no readily identifiable market value are initially measured at their costs and subsequently measured at their fair value at each reporting date without deduction of the estimated future selling costs. Fair value is based on the most recent valuations available from their respective fund managers.

Changes in fair value and gains and losses arising on the disposal of investments are credited or charged to the income or expenditure section of the SOFA as 'gains or losses on investments' and are allocated to the fund holding or disposing of the relevant investment.

11. Other financial instruments

a. *Cash and cash equivalents*

Cash and cash equivalents include cash at banks and in hand and short term deposits with a maturity date of three months or less.

b. *Debtors and creditors*

Debtors and creditors receivable or payable within one year of the reporting date are carried at their transaction price. Debtors and creditors that are receivable or payable in more than one year and not subject to a market rate of interest are measured at the present value of the expected future receipts or payment discounted at a market rate of interest.

12. Stocks

Stocks are valued at the lower of cost and net realisable value, cost being the purchase price on a first in, first out basis.

13. Foreign currencies

The functional and presentation currency of the College and its subsidiaries is the pound sterling. Transactions denominated in foreign currencies during the year are translated into pounds sterling using the spot exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into pounds sterling at the rates applying at the reporting date. Foreign exchange gains and losses resulting from the settlement of transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the exchange rates at the reporting date are recognised in the income and expenditure section of the SOFA.

14. Total Return investment accounting

The College statutes authorise the College to adopt a 'total return' basis for the investment of its permanent endowment. The College can invest its permanent endowments without regard to the capital/income distinctions of standard trust law and with discretion to apply any part of the accumulated total return on the investment as income for spending each year. Until this power is exercised, the total return is accumulated as a component of the endowment known as the unapplied total return that can be either be retained for investment or released to income at the discretion of the Governing Body.

15. Fund accounting

The total funds of the College and its subsidiaries are allocated to unrestricted, restricted or endowment funds based on the terms set by the donors or set by the terms of an appeal. Endowment funds are further sub-divided into permanent and expendable.

Unrestricted funds can be used in furtherance of the objects of the College at the discretion of the Governing Body. The Governing Body may decide that part of the unrestricted funds shall be used in future for a specific purpose and this will be accounted for by transfers to appropriate designated funds.

Restricted funds comprise gifts, legacies and grants where the donors have specified that the funds are to be used for particular purposes of the College. They consist of *either* gifts where the donor has specified that both the capital and

KEBLE COLLEGE

Statement of Accounting Policies

For the year ended 31 July 2021

any income arising must be used for the purposes given or the income on gifts where the donor has required or permitted the capital to be maintained and with the intention that the income will be used for specific purposes within the College's objects.

Permanent endowment funds arise where donors specify that the funds are to be retained as capital for the permanent benefit of the College. Any part of the total return arising from the capital that is allocated to income will be accounted for as unrestricted funds unless the donor has placed restrictions on the use of that income, in which case it will be accounted for as a restricted fund.

Expendable endowment funds are similar to permanent endowment in that they have been given, or the College has determined based on the circumstances that they have been given, for the long term benefit of the College. However, the Governing Body may at their discretion determine to spend all or part of the capital.

16. Pension costs

The costs of retirement benefits provided to employees of the College through two multi-employer defined pension schemes are accounted for as if these were defined contribution schemes as information is not available to use defined benefit accounting in accordance with the requirements of FRS 102. The College's contributions to these schemes are recognised as a liability and an expense in the period in which the salaries to which the contributions relate are payable.

In addition, a liability is recognised at the balance sheet date for the discounted value of the expected future contribution payments under the agreements with these multi-employer schemes to fund the past service deficits.

Consolidated Cash Flow Statement
For the year ended 31 July 2021

		2021	2020
		Group	Group
	Notes	£000	£000
Net cash (used in)/ provided by operating activities	24	(2,992)	1,567
Cash flows from investing activities			
Dividends, interest and rents from investments		2,507	2,381
Proceeds from the sale of property, plant and equipment		-	-
Purchase of property, plant and equipment		(192)	(4,721)
Proceeds from sales of investments		1,576	1,791
Purchase of investments		(210)	(1,834)
Net cash provided by /(used in) investing activities		3,681	(2,383)
Cash flows from financing activities			
Repayments of borrowing		-	-
Cash inflows from new borrowing		3,000	-
Receipt of endowment		525	134
Finance costs paid		(1,428)	(1,414)
Net cash provided by /(used in) financing activities		2,097	(1,280)
Change in cash and cash equivalents in the reporting period		2,786	(2,096)
Cash and cash equivalents at the beginning of the reporting period		(2,090)	6
Change in cash and cash equivalents due to exchange rate movements		-	-
Cash and cash equivalents at the end of the reporting period	25	696	(2,090)

Charity law requires separate administration of the cashflows of endowed and other restricted funds of the College. This constraint has not adversely affected group cashflows as stated above.

	Governance costs	-	26	26
		120	4,802	4,922

6 ANALYSIS OF SUPPORT AND GOVERNANCE COSTS (cont)

Finance and domestic administration, IT and human resources costs are attributed according to the estimated staff time spent on each activity. Depreciation costs and fixed asset impairment are attributed in full to the College's charitable activities, since it is for the support of those activities that the buildings, plant and equipment being depreciated are held. Interest and other finance charges are attributed according to the purpose of the related financing. Governance costs are allocated to the core charitable activity of tuition.

See also note 31 with respect to the exceptional circumstances due to COVID-19.

	2021 £000	2020 £000
Governance costs include:		
Auditor's remuneration - audit services	26	24
Auditor's remuneration - assurance services other than audit	3	-
Auditor's remuneration - tax advisory services	1	1
Auditor's remuneration - other services	-	-
Legal and other fees on constitutional matters	1	1
Other governance costs	-	-
	<u>31</u>	<u>26</u>

No amount has been included in Governance Costs for the direct employment costs or reimbursed expenses of the College Fellows on the basis that these payments relate to the Fellows' involvement in the College's charitable activities.

Details of the remuneration of the Fellows and their reimbursed expenses are provided in note 21 below.

7 GRANTS AND AWARDS

	2021 £000	2020 £000
Unrestricted funds		
Grants to individuals:		
Undergraduate scholarships, prizes and grants	40	20
Bursaries and hardship awards	112	49
Graduate scholarships, prizes and grants	2	64
Grants to other institutions	-	-
	<u>154</u>	<u>133</u>

8 STAFF COSTS (continued)

The average number of employees of the College, excluding Trustees, on a full time equivalent basis was as follows:

	2021 No.	2020 No.
Tuition and research	11	9
College residential	84	102
Fundraising	3	8
Support	20	16
Total	<u>118</u>	<u>135</u>

The average number of employed College Trustees during the year was as follows:

	2021 No.	2020 No.
Associate Professor and Tutorial Fellow - University	26	27
Associate Professor and Tutorial Fellow - College	8	7
Other teaching and research	1	1
Other	7	5
Total	<u>42</u>	<u>40</u>

The following information relates to the employees of the College excluding the College Trustees.

Details of the remuneration of the Fellows and their reimbursed expenses are provided in note 21 below.

The number of employees (excluding the College Trustees) during the year whose gross pay and benefits (excluding employer NI and pension contributions) fell within the following bands was:

	2021 No.	2020 No.
£80,000 - £90,000	1	1

The number of the above employees with retirement benefits accruing was as follows:

In defined contribution schemes	1	1
	£000	£000

The College contributions to defined contribution pension schemes for these employees totalled

	<u>17</u>	<u>17</u>
--	-----------	-----------

9 TANGIBLE FIXED ASSETS

At start of year	<u>90,273</u>	<u>817</u>	<u>91,090</u>

In addition to its heritage assets (see note 10), the College has substantial long-held historic assets all of which are used in the course of the College's teaching and research activities. These comprise listed buildings on the College site together with their contents. Because of their age and, in many cases, unique nature, reliable historical cost information is not available for these assets and could not be obtained except at disproportionate expense. However, in the opinion of the Trustees the depreciated historical cost of these assets is now immaterial.

10 HERITAGE ASSETS

Group and College	Paintings At Valuation £000	Manuscripts At Valuation £000	Incunabula At Valuation £000	Total £000
At start and end of year	<u>12,550</u>	<u>12,840</u>	<u>1,718</u>	<u>27,108</u>

The College currently holds three classes of assets for heritage purposes: pictures, manuscripts and incunabula. There are two pictures in the collection: *The Light of the World* by Holman Hunt, and *The Lamentation of Christ* from the workshop of Willem Key. The College has 87 manuscripts, all of which are included in the catalogue of the collection by Malcolm B. Parkes: *The medieval manuscripts of Keble College Oxford* (1979). There are 100 items in the collection of early printed books. All these heritage assets were donated to the College in its early years. The pictures are on display in the Chapel and may be viewed by members of the public at no charge when the College is open. The manuscripts and incunabula are held in the College Library and are available to scholars on request. A digital image has been made of the most famous manuscript in the collection - the Regensburg Lectionary. All three classes of assets were valued as at 31 July 2014.

11 PROPERTY INVESTMENTS

Group and College	Agricultural £'000	Commercial £'000	Other £'000	2021 Total £'000	2020 Total £'000
Valuation at start of year	-	10,075	-	10,075	-

Valuation at end of year	-	10,075	-	10,075	10,075

Commercial properties represent the portion of the H B Allen Centre and an adjoining business which are rented to commercial tenants. A formal valuation of the commercial properties was prepared by Carter Jonas as at 11th September 2020 for the year ended 31 July 2020. Office rental values have primarily remained broadly similar across 2020-2021 and therefore the valuation at the start of the year approximates its valuation at the end of the year.

12 INVESTMENTS

All investments are held at fair value.	2021 £000	2020 £000

Interest receivable	-	-	-
(Losses)/gains on revaluation	8,563	-	-
Result for the year	<u>8,665</u>	<u>(71)</u>	<u>147</u>
Total assets	182,343	3	97
Total liabilities	(45,098)	(3)	(23)
Net funds at the end of year	<u>137,245</u>	<u>-</u>	<u>74</u>

See additionally note 32b for prior year comparatives.

14 STATEMENT OF INVESTMENT TOTAL RETURN

The Trustees have adopted a duly authorised policy of total return accounting for investment returns with effect from 2003. The return to be applied as income is usually calculated as 3.5% of the average of the year-end values of the relevant investments in each of the last 5 years. For the financial year ended 31 July 21, the return applied to income was an exceptional 7% due to the financial challenges of Covid-19. The return will revert for the year ended 31 July 2022. The preserved (frozen) value of the invested endowment capital represents its open market value on 31 July 2004 together with all subsequent endowments valued at date of gift.

	Trust for Investment	Permanent Endowment Unapplied Total Return	Total	Expendable Endowment	Total Endowments

The College issued £30m in long-term notes at par in December 2015 and a further £5m at a premium in June 2018. These notes bear a fixed interest rate of 3.366% p.a. The College issued a further £5m of long-term notes at par in May 2019 at a fixed interest rate of 2.98% p.a. The terms and conditions are otherwise the same for all three tranches, repayment being due in ten equal annual instalments commencing in December 2046. The proceeds have been applied to the construction of the HB Allen Centre on the Acland site.

In August 2020, in response to the impact of the pandemic on general funds and the settlement of building work costs, the College borrowed £3 million on a 3-year fixed basis. Interest is payable quarterly in arrears at a rate of 1.8%, with repayment of the initial drawdown at the end of the 3 years.

19 FUNDS OF THE COLLEGE DETAILS

The following is a summary of the origins and purposes of each of the Funds.

Endowment Funds - Permanent:

General purposes	A consolidation of gifts and donations where income, but not capital, can be used for the general purposes of the charity.
External purposes	Capital balance of past donations where related income, but not the original capital, can be used for specified objects external to the charity.
Bursaries	Capital balance of past donations where related income, but not the original capital, can be used for bursaries to support students of the College.
Scholarships	Capital balance of past donations where related income, but not the original capital, can be used for scholarships awarded to students of the College.
Fellowships	Capital balance of past donations where related income, but not the original capital, can be used for the funding of College fellowships.
Music	Gifts made where related income, but not the original capital, can be used for the funding of choral scholarships and support other music activities within the College.

Endowment Funds - Expendable:

General purposes	A consolidation of gifts and donations where related income, or income and capital, can be used for the general purposes of the charity.
Bursaries	Capital balance of past donations where related income, or income and capital, can be used for bursaries to support students of the College.
Scholarships	Capital balance of past donations where related income, or income and capital, can be used for scholarships awarded to students of the College.
Fellowships	Capital balance of past donations where related income, or income and capital, can be used for the funding of College fellowships.
Other specified purposes	Capital balance of past donations where related income, or income and capital, can be used for the funding of other specified College activities.

Restricted Funds:

Fixed asset projects funding	Gifts and donations that must be applied to specific fixed asset projects. The transfer from these funds represents the capital expenditure that relates to these funds.
Development office funding	Gifts and donations that must be applied in support of the Development office expenditure relating to the Vision 2020 campaign.
Other restricted income funding	Gifts and donations that must be applied in support of other specified College activities.
Applied total return from restricted purpose endowment funds	Applied total return generated from restricted purpose permanent and expendable endowment funds which must be applied for the specified restricted purpose.

Designated Funds

Fixed asset designated	Unrestricted Funds which are represented by the fixed assets of the College and therefore not available for expenditure on the College's general purposes.
Revaluation reserve	Unrestricted Funds which are represented by the revaluation of heritage assets.
Pension reserve	Unrestricted Funds which are represented by the College's pension fund liabilities.

The General Unrestricted Funds represent the balance arising from the College's activities and other sources that are available for the general purposes of the College.

21 TRUSTEES' REMUNERATION

The Fellows who are the Trustees of the College for the purposes of charity law receive no remuneration for acting as charity trustees but are paid by either or both of the University and the College for the academic services they provide to the College (as employees). The salaries of academic employees are paid on external academic and academic-related scales and often involve joint arrangements with the University of Oxford. The salaries of non-academic employees are paid on the College's own scale. All trustees may eat at common table, as can other employees who are entitled to meals while working.

Trustees of the college fall into the following categories:

Head of House
Professorial Fellow
Official Fellow
Fellow by Special Election
Research Fellow

All Official and Research Fellows are eligible for a Housing Allowance, which is included within the salary figures below.

	2021 No.	2020 No.
Trustees who live in accommodation owned by the College, for which they are charged a market rent:	<u>3</u>	<u>2</u>
Trustees who are not employees of the College and do not receive remuneration:	<u>13</u>	<u>15</u>

The College has a Remuneration Committee which makes recommendations to Governing Body on pay and benefits which are outside of external scales. The composition of the Remuneration Committee is set out in the Report of the Governing Body in the section, Governing Body, Officers and Advisers.

Key management remuneration	2021 £000	2020 £000

Total	42	1,680,739	40	1,614,603	

Other transactions with trustees

No trustee claimed expenses for any work performed in discharge of duties as a trustee.

Note 28 provides further information on related party transactions.

22 PENSION SCHEMES

The College participates in two principal pension schemes for its staff – the Universities Superannuation Scheme (USS) and the University of Oxford Staff Pension Scheme (OSPS). The assets of each scheme are held in separate trustee-administered funds. USS and OSPS are contributory mixed benefit schemes (i.e. they provide benefits on a defined benefit basis – based on length of service and pensionable salary – and on a defined contribution basis – based on contributions into the scheme). Both are multi-employer schemes and the College is unable to identify its share of the underlying assets and liabilities relating to defined benefits of each scheme on a consistent and reasonable basis. Therefore, in accordance with the accounting standard FRS 102 paragraph 28.11, the College accounts for the schemes as if they were defined contribution schemes. As a result, the amount charged to the Income and Expenditure Account represents the contributions payable to the schemes in respect of the accounting period. In the event of the withdrawal of any of the participating employers in USS or OSPS, the amount of any pension funding shortfall (which cannot be otherwise recovered) in respect of that employer will be spread across the remaining participating employers and reflected in the next actuarial valuation of the scheme.

The College has also made available the National Employment Savings Trust for employees who are eligible under automatic enrolment regulations to pension benefits but not eligible for either USS or OSPS.

Schemes accounted for under FRS 102 as defined contribution schemes

Actuarial valuations

Qualified actuaries periodically value USS and OSPS defined benefits using the 'projected unit method', embracing a market value approach. The resulting levels of contribution take account of actuarial surpluses or deficits in each scheme. The financial assumptions were derived from market conditions prevailing at the valuation date. The results of the latest actuarial valuations and the assumptions which have the most significant effect on the results were:

	USS	OSPS
Date of valuation:	31/03/2018	31/03/2019
Date valuation results published:	16/09/2019	19/06/2020
Value of liabilities:	£67.3bn	£848m
Value of assets:	£63.7bn	£735m
Funding surplus / (deficit):	(£3.6bn)	(£133m)
Principal assumptions:		
• Discount rate	CPI-0.73% to CPI+2.52%paa	Gilts+0.5% to 2.25%
• Rate of increase in salaries	n/a	RPI
• Rate of increase in pensions	CPI	Average RPI/CPI
Assumed life expectancies on retirement at age 65:		
• Males currently aged 65	24.6 yrs	21.7 yrs
• Females currently aged 65	26.1 yrs	24.4 yrs
• Males currently aged 45	26.6 yrs	23.0 yrs
• Females currently aged 45	27.9 yrs	25.8 yrs
Funding Ratios:		
• Technical provisions basis	95%	87%
• Statutory Pension Protection Fund basis	76%	74%
• 'Buy-out' basis	56%	60%
Employer's contribution rate (as % of pensionable salaries):	21.1% increasing to 23.7% on 01/10/21	19%
Effective date of next valuation:	31/03/2020	31/03/2022

Notes:

a. The discount rate (forward rates) for the USS valuation was:

Years 1-10: CPI + 0.14% reducing linearly to CPI – 0.73%

Years 11-20: CPI + 2.52% reducing linearly to CPI + 1.55% by year 21

Years 21 + : CPI + 1.55%

b. The discount rate for the OSPS valuation was:

Pre-retirement: Equal to the UK nominal gilt curve at the valuation date plus 2.25% p.a. at each term.

Post-retirement: Equal to the UK nominal gilt curve at the valuation date plus 0.5% p.a. at each term.

c. Pensions increases (CPI) for the USS valuation were:

Term dependent rates in line with the difference between the Fixed Interest and Index Linked yield curves, less 1.3% p.a.

d. Increases to pensions in payment for the OSPS valuation were:

- RPI inflation is derived from the geometric difference between the UK nominal gilt curve and the UK index-linked curve at the valuation date, less 0.3% p.a. at each term. CPI inflation is derived from the RPI inflation assumption, less the Scheme Actuary's best estimate of the long-term difference between RPI and CPI inflation as applies from time to time (1.0% p.a. as at 31 March 2019).

- For pension increases linked to inflation, a pension increase curve is constructed based on either the RPI, CPI or the average of the RPI and CPI inflation curves described above, adjusted to allow for the different maximum and minimum annual increases that apply, and the Scheme Actuary's best estimate of inflation volatility as applies from time to time.

e. The USS and OSPS employer contribution rates include provisions for the cost of future accrual of defined benefits, deficit contributions, administrative expenses and defined contributions.

22 PENSION SCHEMES (continued)

Sensitivity of actuarial valuation assumptions

Surpluses or deficits which arise at future valuations may impact on the college's future contribution commitment. The sensitivities regarding the principal assumptions used to measure the scheme liabilities are set out below:

USS

<i>Assumption</i>	<i>Change in assumption</i>	<i>Impact on USS liabilities</i>
Initial discount rate	increase by 0.1%	decrease by £1.2bn
Asset values	reduce by 10%	increase by 6.4bn
RPI – CPI spread	increase by 0.1%	decrease by £0.7bn
Rate of mortality	more prudent assumption (mortality used at last valuation, rated down by a further year)	increase by £1.6bn

OSPS

<i>Assumption</i>	<i>Change in assumption</i>	<i>Impact on OSPS technical provisions (from 80% funded at 31/03/2016)</i>
Valuation rate of interest	decrease by 0.25%	increase by £45m
RPI	increase by 0.25%	increase by £40m

Deficit Recovery Plans

In line with FRS 102 paragraph 28.11A, the College has recognised a liability for the contributions payable for the agreed deficit funding plan. The principle assumptions used in these calculations are tabled below:

	USS	OSPS
Finish Date for Deficit Recovery Plan:	31/03/2028	30/01/2028
Average staff number increase :	0.25%	0.38%
Average staff salary increase:	1.00%	1.00%
Average discount rate over period:	0.89%	0.89%
Effect of 0.5% change in discount rate:	£3,515	£11,822
Effect of 1% change in staff growth:	£7,316	£9,078

A provision of £792k has been made at 31 July 2021 (2020 - £1,279k) for the present value of the estimated future deficit funding element of the contributions payable under these agreements, using the assumptions shown. The provision reduces as the deficit is paid off according to the pension recovery scheme.

Pension charge for the year

The pension charge recorded by the college during the accounting period (excluding pension finance costs) was equal to the contributions payable after allowance for the deficit recovery plan as follows:

	2021	2020
Scheme	£000	£000
Universities Superannuation Scheme	457	500
University of Oxford Staff Pension Scheme	285	353
Other schemes – contributions	139	161
Supplementation payments	2	2
Movement in provision on defined benefit schemes	(496)	(1,310)
Total	387	(294)

Included in other creditors are pension contributions payable of £nil (2020: £nil).

23 TAXATION

The College is able to take advantage of the tax exemptions available to charities from taxation in respect of income and capital gains received to the extent that such income and gains are applied to exclusively charitable purposes. No liability to corporation tax arises in the College's subsidiary companies because the directors of these companies have indicated that they intend to make donations each year to the College equal to the taxable profits of each company under the Gift Aid scheme. Accordingly no provision for taxation has been included in the financial statements.

	2021	2020
	£000	£000
On the other hand, the College pays substantial tax as unrecoverable input VAT on purchases incurred in providing its exempt educational supplies:	259	417

24 RECONCILIATION OF NET INCOMING RESOURCES TO NET CASH FLOW FROM OPERATIONS

	2021	2020
	£000	£000

(Gains)/Losses on investments	(8,563)	2,268
Endowment donations	(525)	(134)
Financing costs	1,428	1,414
Depreciation	2,642	2,475
Decrease in stock	5	4
Decrease in debtors	113	739
(Decrease)/ increase in creditors	(3,840)	2,186
Decrease in pension scheme liability	(486)	(1,310)
Net cash (used in)/provided by operating activities	(2,992)	1,567

25 ANALYSIS OF CASH AND CASH EQUIVALENTS

	2021	2020	2021	2020
	Group	Group	College	College
	£000	£000	£000	£000
Cash at bank and in hand	695	182	652	51
Notice deposits (less than 3 months)	1	1	1	1
Bank overdrafts	-	(2,273)	-	(2,273)
Total cash and cash equivalents	696	(2,090)	653	(2,221)

A £3M bank loan was arranged in September 2020 to fund the settlement of the BAM contract for the HB Allen Centre.

26 FINANCIAL COMMITMENTS

At 31 July the College had future minimum lease payments under non-cancellable operating leases as follows:

	2021	2020
	£000	£000
Land and buildings		
- not later than one year	-	-

27 CAPITAL COMMITMENTS

	2021	2020
	£000	£000
Contracted capital commitments for future capital projects as at the year-end:	<u>-</u>	<u>-</u>

28 RELATED PARTY TRANSACTIONS

The College is part of the collegiate University of Oxford. Material interdependencies between the University and of the College arise as a consequence of this relationship. For reporting purposes, the University and the other Colleges are not treated as related parties as defined in FRS 102.

Members of the Governing Body, who are the trustees of the College and related parties as defined by FRS 102, receive remuneration and facilities as employees of the College. Details of these payments and reimbursed expenses as trustees are disclosed separately in these financial statements.

The College has properties owned jointly with trustees under joint equity ownership agreements between the trustee and the College. The net book value of the College's share in each property is as follows:

	2021	2020
	£000	£000
Trustee		
Dr L Bendall	287	270
Dr S Butt	287	270
Prof S Faulkner	263	248
Dr D McDermott	272	256
Prof S Fletcher	214	202
Ms J S Tudge	218	262
Prof D Downs	187	175
Prof B Grau	176	165
	<u>1,904</u>	<u>1,848</u>

All joint equity properties are subject to sale on the departure of the trustee from the College.

29 CONTINGENT LIABILITIES

There were no specific contingent liabilities as at the year-end. The uncertainties with respect to the COVID-19 epidemic are addressed elsewhere.

30 POST BALANCE SHEET EVENTS

Since the year end, following the completion of the 2020 actuarial valuation, a new dual rate schedule of contributions has been agreed with an effective date of 1 October 2021. Recalculating the USS provision on the basis of these contributions would result in an increased obligation to fund the deficit of £482k, an increase of £298k.

A further change to deficit recovery contributions will become applicable under the 2020 valuation if the Joint Negotiating Committee recommended deed on benefit changes has not been executed by 28 February 2022. In this scenario, higher deficit recovery contributions will commence from 1 October 2022 at 3% and then increase every 6 months until they reach 20% at 1 October 2025. They remain at this level until 31 July 2032. Negotiations continue and an increase to this level is considered remote.

31 COVID-19

	2021	2020
	£000	£000
Furlough receipts	262	473
College contribution scheme grant	1,000	-
Other sundry income	7	20
	<u>1,269</u>	<u>493</u>

The College's activities during the year continued to be impacted by the impact of the COVID-19 pandemic, in particular the loss of residential income due to the non-return of some students and the loss of income from conferences and bed & breakfast business during the summer. Some staff were placed on furlough for which the college received government grants. In addition the College received a grant from the Contribution Fund governed under the provisions of Statute XV of the University of Oxford.

Accordingly the allocation has been carried out on the same basis as last year pending a clearer picture of 'normal' activities next year.

32 ADDITIONAL PRIOR YEAR COMPARATIVES

Where information is tabulated in the notes for the current year, presentation of comparative information from the previous year is presented here.
