

Application for a grant from the College Graduate Study Support Fund

The College has a limited amount of money that can be used to support the research expenses of Graduates, including contributions towards purchase of study related equipment, the cost of attending conferences and travel incurred in connection with the consultation of materials unavailable in Oxford.

The fund is available to assist graduate students with their academic studies. Students may apply for assistance for:

• course-related equipment;

Reason for application:

- fieldwork costs:
- attendance at relevant conferences (especially if a paper or poster is being presented);
- visits to libraries or archives outside Oxford.

Grants will not be made for the purchase of or maintenance of computer equipment, or the purchase of books. As the funds are limited, please ensure that you have applied to other available sources such as your Department.

Applications for grants from the Fund may be made at any time, but must be made in advance; grants will not normally be awarded retrospectively. The maximum sum awarded to any student will not normally exceed £400 in any academic year. If you are in doubt about whether an application is appropriate, or the terms on which it should be made, please consult the College Office.

Please send this completed form and ensure your referee sends a letter of support via email to College.office@keble.ox.ac.uk. You should forward confirmation of your conference registration/travel receipts in support of your application.

or your application.
