

### Application for a grant from the College Graduate Study Support Fund

The College has a limited amount of money that can be used to support the research expenses of Graduates, including contributions towards purchase of study related equipment, the cost of attending conferences and travel incurred in connection with the consultation of materials unavailable in Oxford. Grants will not be made for the purchase of or maintenance of computer equipment. As the funds are limited, please ensure that you have applied to other available sources such as your Department. A list of other sources of funding is available through the list of awards published as supplement to the University Gazette in October.

Please send this completed form and ensure your referee sends a letter of support to Mrs Caroline Reeve, college.office@keble.ox.ac.uk. You should forward confirmation of your conference registration/travel receipts in support of your application.
