Overseas	29.37%

Shortlisting

As part of the process to decide which applicants are called to interview, an initial shortlist is drawn up by giving equal weighting to three factors:

- contextualised GCSE score (see www.ox.ac.uk/context for further information);
- score on the LNAT Multiple Choice Test (MCT);
- score for the LNAT essay.

A small number of candidates were unable to take the LNAT due to COVID-related reasons. Exemption was given to those who contacted the Faculty with evidence of the impact.

Each application was assessed in depth, taking into account any relevant extenuating circumstances. 603 applicants were shortlisted for interview in total.

This means that in total roughly 2.6 applicants were shortlisted per place available. Of those shortlisted the average LNAT multiple choice score was 27.03, the average LNAT essay score was 63.52.

- The lowest LNAT MCT score shortlisted was 13 and the lowest essay score shortlisted was 56.
- 68.82% shortlisted were UK, 4.98% were EU and 26.20% were international applicants
