KEBLE COLLEGE

E.P. ABRHAM RESEARCH FELLOW AND TUTOR IN PHYSIOLOGY

The College proposes to elect a Research Fellow and Tutor in Physiology for a period of up to four years from 1 October 2020 or as soon as possible thereafter. This is a fixed-term, non-renewable appointment subject to the satisfactory completion of an initial probationary year. Scholars in receipt of another source of income, for example from a post-doctoral position or departmental lectureship and who would like a college association, are welcome to apply.

The research interests of the person elected will be in Physiology. The teaching stint will be four weighted hours per week averaged over the academic year; the appointee will be expected to cover tutorials in Physiology & Pharmacology (1st and 2nd year Medicine), and the Body (1st year Biomedical Sciences). The post-holder may be asked to help in a limited way with the academic and pastoral organization of the subject and will be expected to help with undergraduate admissions. Informal enquiries may be made to Dr Simon Butt at simon.butt@keble.ox.ac.uk. Further Particulars, including criteria for selection, may be obtained from the here.

The successful candidate will be required to provide documentary evidence of their eligibility for employment in the UK before starting work with the College.

The stipend for the post will be £10,558 (current rate, reviewed annually). The Fellow will not be a member of the College Governing Body, but will be a full member of the Senior Common Room and be entitled to lunch and dinner at the Common Table as well as to an academic allowance of £703 p.a. and a student allowance of £249 p.a. (both current rates). A shared teaching room will be available. The post holder will be eligible to join USS.

The closing date for applications is 12 noon Thursday 4 June 2020. Candidates should submit a curriculum vitae (including the names, addresses and telephone numbers of two referees) and a statement that outlines their previous and planned research activity and their teaching experience (including tutorials in their area of research expertise they might be able to offer via the central FHS Medicine and Biomedical Sciences tutorial scheme) to Mrs Trish Long, Warden’s PA, Keble College, Oxford OX1 3PG (e-mail: trish.long@keble.ox.ac.uk), and should ask their referees to write directly to the Warden’s PA by the same date.

Applications are particularly welcome from women and black and minority ethnic candidates, who are under-represented in academic posts in Oxford.
